### LETTER FROM OKLAHOMA

THE COUNTRY PRAISED BY ONE OF OUR CITIZENS

H. B. Pierce, Nurseryman, Writes of the Land, Crops and Beauties of the New Country.

FRIEND JOHNSON.

\_EDITOR ANTIQUE NEWS: Having a business trip on my hands, to southwestern Oklahoma and on that trip carefully inspected thousands of acres of years, and Roy 9, and the two Carson boys unknown to the teacher or the public. the most beautiful and fertile farming Van. aged 11, and Frank, 8, after playing lands to be found anywhere in this country. hard and becoming thoroughly heated. July 1 there has been a law in force which Greer county, Oklahoma, offers more and went in swimming in the creek. The better opportunities to the homeseekers three oldest boys went out into the stream, and land buyers than any other section. while the younger Carson waded near the There is no section of the United States shore. Neither of the Carson boys could where there is such activity as there is at swim but both Bailey boys could, Roy bethe present time in the territory tributary ling the better swimmer. Wading over to to the 'Frisco System. Its resources are a rock they stepped off on the other side practically undeveloped and the land buyer can buy improved farms under fence with fair improvements, on a basis of \$10 to \$16 per acre with a few very close to the towns at about \$20. - After riding over, many miles in this beautiful section I am able to speak from actual knowledge. This land is beautiful, gently rolling prairie, interspersed with fine running creeks, fed by springs, covered with grass so rich in nutritious qualities that cattle feeding upon it grow fat, and fatten without aid of any grain until they are fully faited for the market. The soil is a dark red and black sandy loam which plows up mellow, never bakes, and produces enormous crops of winter wheat, oats, corn, cotton. Kaffir corn and milo maize. The last two are forage crops, raised for feed and produce many bushels of seed per acre and help arrived, which was not long, for the stock of all kind are very fond of the seed news spread fast and it was but a few minand fodder. Peanuts, castor beans, Irish ules until a good share of the people of ed her parents and other Antioch friends the Antioch M. E. church, Wednesday, and sweet potatoes, melons, apples, peaches Baldwin were on the scene rendering what and other kinds of fruits and vegetables. The only thing that I missed with my northern eyes was tame grasses and the grateful and refreshing shade of our northern shade trees, but these will soon be being prostrated. overcome for the country is finely adapted to the growing of alfalfa, the greatest of all hay producing plants. The water all life flickering out so quickly. It is the over the country raises nearly to the surface which will make it an easy matter for this plant to reach with its large tuberous roots. The want of trees will also be a thing of the past as the county is rapidly, filling up with northern farmers. In closing I say Greer county, Oklahoma; taking it from an agricultural, borticultural, live

### Another Sad Drowning The following account of a sad drowning

which occurred at Moqueketa, Ia., will interest our people, the bereaved parents being former residents here. Mrs.

Bailey was formerly a Rector: On last Monday afternoon about 4 o'clock occurred one of life's sad tragedies. Little Roy Bailey, aged nine years, second son of Mr. and Mrs. Harvey Bailey, was drowned while bathing in Bear Creek, which runs through the Oberfell farm southeast of Baldwin.

'The two Bailey boys, Glen, aged 11 and found that they were out of their depth. Glen Bailey seeing Van Carson in trouble, pulled him out, not dreaming that his brother was in danger, but cramps caused by his heated condition, must have seized the unfortunate lad for he struggled hard and sank several times. Glen, himself quite exhausted by this time, was unable to go to the rescue of his brother, but pushed a board to him, thinking to pull him out that way. For a moment or so he held on, but then said, "I can't hang on longer; good-bye boys," and sank. Thoroughly frightened, the Carson boys ran for help, while Glen continued his efforts at rescue. Mr. Bailey was driving home from town when he heard the screams and hurried to the spot, took the boy out and worked with him until other assistance they could. After a prolonged effort it was seen that no life was left. The parents were almost frantic at the awful suddeness of the tragedy, the mother

"Roy was a sturdy, healthy boy and it is shocking to think of the lamp of his young more terrible because it was thought that the children could take no harm bathing in the creek, but the terrible cramps rend-Mr. Bailey and family removed on the echool for 110 days.

farm where the sad accident occurred. "The funeral occurred Wednesday Carson of Monmouth, officiating. The burial was at Mt. Hope in this city.

### Opening of Antioch High School

The Antioch High school will open on the first Monday in September with a full corps of teachers. The school directors feel that they have been fortunate in securing teachers of long experience and who have spared no expense in fitting themselves for their work. All of them come highly recommended from The open season for hunting snipe, county superintendents and communities work; is a graduate of Illinois University Hunters should bear in mind, however, and is in every respect qualified to conduct a high-grade school.

> Scholars wishing to attend our school during the coming year may consider themselves favored in having teachers of ability and competency.

The directors will spare no labor or expense in making this year one of the best and most profitable of school years. They heartily invite non-resident scholars, feeling confident that they will receive competent and thorough instruction. JOHN WELCH,

Pres. School Board

The following from the DeKalb Chronicle of Augurt 1 under the head of Cortland Correspondence, shows the esteem in which Mr. Eakel was held in his home

"Prof. and Mrs. Eakles and Dr. and Mrs. Wells were the principals in one of the biggest surprise parties Monday evening that Cortland has ever known. Both families are leaving town, the former to Antioch where the Professor will have medicine. Both families have endeared themselves to the Cortland people and they took this way of showing their appreciation and affection for them. About one hundred and fifty were present at the home of Prof. Eakles to which place Dr. and Mrs. Wells were invited. A musical program was given and a social time was spent. Each couple was the recipient of a handsome rocker and a jardinier filled Colombia has in circulation \$653, with choice flowers which were presented his time allowance. 000,000 of paper money from which by Mr. Eugene Holdridge in behalf of the happiness in the new homes they were go- seminary instead of a naval academy. ing to. ### THE NEW SCHOOL LAWS

SOME MEASURES NOT GEN **ERALLY UNDERSTOOD** 

Children of from Seven to Fourteen Years of Age Must Attend School Six Months Each Year.

When school reopens next week teachers. directors, boards of education and the public will find several new laws on the books with which they must deal.

For the most part these laws are almost It is not generally known that since compels every child between 7 and 14 to attend school 110 days in the year, or approximately six months.

A more stringent, sweeping, compulsory school attendance law has been enacted in but few states in the union.

The bill was pushed through the last general assembly as a companion piece to the new child labor law, which had so E A Woodworth and hus to F J many friends that no one dared to vote

against it at any stage of its passage. The school attendance bill slipped along under its shadow, and when the session was over not more than ten men in both houses really new that they had decreed six months' school for every child between 7 and 14, with extreme penalties upon any parent or guardian who willfully neglects to place such a child where it may have this length of instruction each year.

The child labor law turned all children who were employed in factory or other work out into the streets. Something had to be done with them. Send them to school, said the man who solved the problem, and a six months' term was provided for them. The powers of the truant officers are abridged or enlarged. They are considered ample now that the compulsory feature of the law has been made so plain The fireman was also cut about the

The law provides that every person having control over any child between 7 and 14 shall cause such child to go to school, either public or private, at least 110 days of actual teaching. The law says that school must remain open this length of time. It says: "Such child shall attend some public or private school for the entire time during which the school attended is in session, which period shall be not less ered the strong lad absolutely helpless. than 110 days, actual teaching." This Proy was born in this city and lived paragraph of the law makes it the duty of here all his life, time until last spring, school trustees and directors to provide

Many country schools under present conditions do not remain open that long. but morning at 10 o'cleck at the home. Rev. will be compelled to lengthen their terms. This law does not apply to children receiving private instruction, though such private instruction must be in the elementary branches and for the same period of time, nor does it apply to children physically unable to go to school. For every neglect on the part of the person controlling such a child to comply with the provision of this law he shall be fined not less than \$5 nor more than \$20 for each offense and the costs, and the money so received shall be paid into the school funds of the city, town or districts. Any person who, for the purpose of evading the law, makes a false statement concerning the child's age or the length of time at school shall be fined from \$3 to \$20 and costs, the fines to be paid into the school funds.

> Another law possed by the general as sembly, says the Freeport Journal, provides that in the spring the governor shall fix bird day at the same time designated as Arbor day.

Another law gives boards of education school directors and the like, power to grant the use of school rooms or assembly halls in school building, with light and heat included free of charge, for public lectures and other educational and social

Wreck on Wisconsin Central Railroad. There was a most disaferous wreck on the Wisconsin Central rail road at Silver Lake station about five miles north of town at about eight o'clock Friday morning. Four people were injured, two of them quite seriously. There was a panic among the passengers, but none of them

were seriously injured. The south bound fast passenger train crashed into a north bound freight about twenty rods from the station. The passenger engine was wrecked but-the fireman and engineer saved their lives by jumping though both were seriously injured, the engineer being badly cut about the face and body and also received internal injuries and body besides having his arm broken in two places. Two members of the freight train crew were injured. The men in the mail and express car were thrown to the floor and were somewhat injured. About twenty-three cattle were killed. Word was at once sent fo Uhicago notifying the officials of the wreck and a wrecking crew were immediately sent from Chicago, and traffic on the road was delayed but a short time. It is understood that the freight engine was switching stock cars in the yard below the station and the crew thought they would have plenty of time to back across the main line to the siding before the passenger train arrived. While backing down the passenger train shot around the curve and before the engineer could stop his train the engine had crashed into the freight cars.

### Fox Lake Has Horse Show.

Amid gay decorations of streamers and leafy boughs society in fashionable turnouts presented a grand spectacle at the first annual Fox Lake region horse show, held Saturday on the trotting track grounds of Dr. Truman Brophy at Fox Lake.

It was under the direction of Oliver Sollitt and held for the benefit of the Fox Lake Congregational church. The receipts amounted to several hundred dollars. The grounds were dotted with booths, where women sold refreshments and novelties of all descriptions.

Over one hundred horses, comprising fifteen different classes, were on exhibition Miss Gertrude Wells Lyford, thirteen years old, won first prise for best decorated pony. Dr. Brophy won six first prizes and Oliver Sollitt two. The judges were Oliver. Sollitt, J. K. Deering, and Dr. Dousler.

Congressman William Lorimer was tohave acted as judge for the best childrens riding ponies ridden by children not more than fourteen years old, but was unable to Besides the exhibition of fine ponies,

ADMIRAL SENT TO SCARE TURKEY.

Rear Admiral Grieger is in command of the squadron of Russian warships which was sent to Constantinople to impress upon the Sultan the importance of complying with the Russian demands for certain reforms in Macedonia, in order to prevent further occurrences such as the murder of the Russian consul at Monastir. Krieger is one of the most trusted admirals of the Russian navy. He commands the Mediterranean fleet.

CONQUEST OF WHEAT FIELDS.

The Annual Battle Between Man and

Nature in Kansos. The annual battle between man and nature fought in the wheat fields of Kansas ended about the 20th of July. The army of conquest, equipped with harvesters and thrushers, entered at the southern portion of the State and, sweeping everything before it, progressed northward until the Sunflower State was marked by nothing out stacks of grain and fields of stubble. Over vast areas the sheaves of wheat were thrashed out as fast as they were garnered, while in many counties the wheat was left standing in shocks ready for the thrasher in the fall.

According to Philip Eastman, writing in the Review of Reviews for August, this year's wheat harvest in Kansas was the largest in the history of the State and the greatest by far of any State in the Union. Time was when the name of Kansas was associated in the popular mind with corn. But the famous "wheat belt" of the West now includes thirty counties in Kansas, extending from the northern to the southern boundary. Not a county in this belt raises less than a million bushels annually. It is pointed out that the yield of Sumner County alone-0,812,102 bushels-is more than the combined yields of Maine, New Hampshire, Vermont, Mississippi, Wyomlug, New Mexico, Arizona, Nevada, called for 4,400 extra men and more than 2,000 additional horses this year to

harvest her crop of wheat. In 1901 Kansas broke her own record in the matter of wheat crops and led the list of all the States, with more than 90,000,000 bushels. This was 10,000,000 more bushels than were raised in the State of Minnesota, although the acreage of wheat sown in Minnesota was greater than that of Kansas by 853,808

### DANVILLE RIOTER GUILTY.

First Conviction Following, Recent Attack on the Jail. Winfield Baker, a young man who was

one of the lenders of the mob that stormed the jail at Danville, Ill., a few weeks ago, was found guilty on the charge of assault with intent to murder Sheriff Whitlock. This is the first conviction growing out of the recent rioting. The punishment is confinement in the State prison on an indeterminate sentence from one to feurteen years.

The second trial has begun. It is en an indictment charging Winfield Baker, John Walton, Edward Hart, Clay Biddle, Adam Murray, William Redwine, Isaac Slade, John Robertson, Thomas Bell and Bessie Armstrong with rioting, this being a misdemeanor punishable by fine and jail sentence. Hart forfeited his bond of \$500, which was paid by his father. Bessie Armstrong was too ill

The International Association of Railway Ticket Agents will hold its annual convention in Salt Lake City Sept. 12, 13

A territorial charter has been granted to the Kansas Central, Oklahoma and Gulf Railroad Company, with \$20,000,-

000 capital. The general managers of the different lines running into El Paso have adopted plans and specifications for a union depot to cost \$240,000 at that point.

Gress carnings of all United States roads reporting for the month are \$44,-903,891, a gain of 12.7 per cont over lact year and 20.2 per cent over 1901. North Pacific coast traffic is develop-

vide facilities fast enough to take care of it. The annual report of the Atchison for twelve months ended July 30 shows: Gross earnings, \$62,350,397; Increase, \$3,215,312; operating exposes, \$38,427,-111; increase, \$4,527,842; net earnings,

ing at a rate that is causing the rail-

roads considerable embarrassment to pro-

\$23,013,287. The Knoxville and Ohio, which is leased by the Southern, has purchased the Knoxville and Bristol, forty miles long, and also the Tennessee Northern, own-

"Business is well main-tained aside from the quiet-ing influence of the vacaion season, which somewhat restricts trade and retards collections. Making due allowance for the period, there is no cause for complaint. The adverse facors that have been operating against prosperity in recent preceding weeks are no longer as potent, normal influences gradually prevailing. Labor controver, sies still exist, cartalling the output of a few products and the consumption of all the necessary things of life," according to R. G. Dun & Co.'s Weekly Review of Trade. Continuing, the report says: Crops are not going to market as freey as usual, although the agricultural outlook is distinctly favorable. In spite of several obvious reasons for expecting a check to freight traffic, earnings of failways thus far in August show an average gain of 9.6 per cent over last year and 18.2 per cent over 1901. Complaint is beginning to be heard re-

garding the inadequate facilities of the railways, and it now appears that inconvenience and lors must again be experienced, notwithstanding the extensive improvements. Sensational stories of the arge number of buyers now at this center and the fabulous sums that they spend cannot be accepted as statistically necurate, but it is probable that an increase over all previous years is actually occurring despite the demoralization in cotton goods caused by speculation in the raw material.

Although production of coke at Connellsville has been moderately curtailed, supplies accumulate and prices are depressed. A fairly liberal temage of iron has been placed during the past week, providing abundant dervand for all the pig that is being made. More large contracts for Iron and steel have been placed by a prominent manufacturer of agricultural machinery, and as much of this business has been held back entirely on account of prices, it is believed that no further concessions are to be expected. In view of the very satisfactory job-

bing trade that is reported in dry goods,

it is surprising that no reflection of the

activity is seen in the primary market.

Makers of cotton goods find no business

offering except such small orders for immediate requirements as emanate from urgent dealers. Moderate orders for light-weight woolens and worsteds have been placed for spring delivery. Heavy shipments of shoes from Boston make striking compartain a heavy movement, but it is noteworthy that there is a tendency to operate moderately and frequently this year,

rather than to buy seldom and largely as in other seasons. Somewhat easier prices for the great food staples testify to brighter crop pros-Failures this week numbered 23 of the United States, against 207 last year,

and 8 in Canada, compared with 30 a year ago. Bradstreet's Trade Review.

Weather and crop conditious are still the kernote to fall trade. In the Northwest and South buyers are taking hold energetically, and reports as a whole are as good or better than a year ago. Wheat (including flour) exports for the week ending Aug. 20 aggregate 3,372,-780 busliels, against 3,413,191 last week, 5,054,750 this week last year, 0,000,980 in 1901 and 2,095,103 in 1900.

For seven weeks of the cereal year they aggregate 21,833,233 bushels, against 31,339,709 in 1902, 48,153,895 in 1901 and 20,077,600 in 1900. Corn exports for the week aggregate 509,405; bushels, against 707,887 last week, 51,040 a year ago, 524,883 in 1001 and 8,403,875 in 1900. For seven weeks of the present cereal year they aggregate 7,453,975 bushels, against 639,500 in 1002, 8,257,

103 in 1901 and 24,700,105 in 1900.

Chicago-Cattle, common to prime, \$3.00 to \$5.50; hogs, shipping grades, \$4.50 to \$5.75; sheep, fair to choice, \$3.00 to \$3.50; wheat, No. 2 red, 80c to 81c; corn, No. 2, 50c to 51c; oats, No. 2, 32c to 34c; rye, No. 2, 51c to 52c; hay, timothy, \$8.50 to \$13.00; prairie, \$6.00 to \$0.50; butter, choice creamery, 17c to 10c; eggs, fresh, 13c to 10c; potatoes; new, 60c to 66c per bushel.

Indianapolis-Cattle, shipping, \$3.00 to \$5.50; hogs, choice light, \$4.00 to \$0.05; sheep, common to prime, \$2.50 to \$3.10; wheat, No. 2, 79c to 80c; corn, No. 2 white, 51c to 52c; oats, No. 2 white, 34c to 3Ge.

St. Louis-Cattle, \$4.50 to \$5.65; hogs, \$4.50 to \$0.00; sheep, \$3.00 to \$3.30; wheat, No. 2, 81c to 82c; corn, No. 2, 45c to 40c; onts, No. 2, 33c to 34c; rye, No. 2, 50c to 57c.

Cincinnati-Cattle, \$4.25 to \$5.00; hogs, \$4.00 to \$5.90; theep, \$2.75 to \$3.00; wheat, No. 2, 82c to 83c; com, No. 2 mixed, 52e to 53e; oats, No. 2 mixed, 33c to 34c; rye, No. 2, 57c to 58c. Detroit-Cattle, \$3.50 to \$5.00; hogs, \$4.00 to \$5.75; sheep, \$2.50 to \$8.25; wheat, No. 2, 81c to 83c; corn, No. 8 yellow, 54c to 55c; ontw, No. 3 white, 34c to 36c; rye, No. 2, 53c to 54c.

Milwaukee-Wheat, No. 2 northern, 84c to 80c; corn, No. 3, 52c to 53c; onts, No. 2 white, 80c to 37c; rye, No. 1, 53c to 54c; barley, No. 2, 59c to 60c; pork, mess, \$12.50.

Toledo-Wheat, No. 2 mixed, 81c to 83c; corn, No. 2 mixed, 53c to 55c; oats, No. 2 mixed, 34c to 30c; rye, No. 2, 52c to 54c; clover seed, prime, \$5.05. Buffalo-Cattle, choice shipping steers \$4.50 to \$5.40; hogs, fair to prime, \$4.00 to \$6.00; sheep, fair to choice, \$3.25 to \$4.00; lambs, common to choice, \$4.00 to

at Camp Lincoln. Gov. Yates gave the bride away at the first military wedding in the history of Camp Lincoln. True to his promise, Private Ernest Harkness of the regimental land returned to camp the other morning with his prospective bride, Miss Elizabeth Chipperdale of Monticello, a demure little English girl, who has been stand. Chaplain Shepherd of Alton performed the ceremony immediately following the evening parade. Drum Major Richard Mueller was best man and Miss Bennett of Chicago, who is the guest of Col. and Mrs. Tanner, was the maid of honor. Following the ceremony all went to the regimental mess tent for evening

COMMISSION FOR GOOD ROADS,

Dewitt Smith, Charles D. Clark and H. U. Wallace Named.

The members of the Good Roads Commission created by the last Legislature were named the other day by Governor Yates. They were Dewitt Smith of Springfield, Charles D. Clark of Peoria tral Railroad. The commission is directed to investigate road building problems in Illinois, including the best and most economical materials, drainage, and the best methods for distributing the cost. A report is to be made to the next General Assembly. The commissioners serve without pay, but \$5,000 is appro- on an electric car, as the grip does not printed for their expenses.

TRAIN KILLS TWO ATCENTRALIA.

Modern Woodmen Brothers Found Locked in Each Other's Arms. Hiram Maxfield and Charles Johnson, while driving across the track at Spring's on the pilot locked in each other's arms. The victims were Modern Woodmen, and were returning from a picnic. The coroner returned a verdict exouerating the

CONSUL IS NOT DEAD.

CAN OFFICIAL UNTRUE,

Magelssen Was Fired Upon, but Bullets Missed Him-Warships Will Enforce Turkey's Guarantees for Safety of Lives of United States Citizens.

United States Vice Consul William G. Magelssen was not assassinated at Bei-

to assassinate him was made, but the bullets fired by his. did not touck him. This startling but satisfactory news was received by the

man regarding the report of the Ameri- diate awkward and embarrassing feature, and been made to burn the Euphrates continuing to the East of A

rolleve the situation of its extreme tenincident.

Acting Secretary Loomis declined to man's dispatch, but he gave a summary of its contents. It showed that Mr. Magelssen had been shot at by some person, at the time unknown to the officials, regret at the occurrence, and were exert- the passengers were killed.

THE STREET CAR SLAUGHTER. Over 1,200 Chicagoans Hurt in Seven

Months and 54 Killed, In Chicago the slaughter of innocents by trolley and cable cars continues, police department records showing an alarming increase in accidents this year. The increase is attributed by Chief of Police O'Neil to the recklessness of motormen, the lack of cars and consequent overcrowding. The number of accidents for the first six mouths was 1,117 and the number of injured reached 1,291. The deaths numbered 47. In July there were added 135 accidents, with 158 injured and 7 deaths. The first 13 days of this month saw 07 trolley car accidents, with 3 dead and 77 injured. The accidents are decreasing on the eable trains because the inside totboards, except on the grip cars, have been abolished, and chains are used as barriers to prevent passengers from falling between the trailers. The fender is also more useful on a cable grip car than

go at anything like the rate of speed the trolley car attains. The following table shows that the for \$4,450,000. number of accidents on trolley cars have been increasing nearly every year since

Accidents. Injured. Denths.

Situation at Reirut Critical. The minister's dispatch also said that REPORTED MURDER OF AMER !- Consul Rayndal had reported to him that some of the foreign consuls located at Beirut had reported to their governments that the situation at that place had become exceedingly unsafe, that this condition of affairs had existed for some ime, and that something ought to be done to relieve the tension.

The opinion was expressed that the attempted assassination of Magelston probably would bring matters to a focus, the attention of the Turkish government berut, Syria, as first reported. An attempt ing drawn to the matter in this forcible way, and some effort thus be made to avoid further trouble.

The latest development in the Turkish unknown assailant situation was discussed in official circles,

MAP OF DISTURBED CISTRICT.

where the view is held that the denial of the report of the killing of Mr. Magelssen relieves the situation of its immebut will not prevent cur naval vessels.

Minister Leishman in one of his dispatelies to the department suggested that conditions were such that it might be well to have some American naval dem-onstration in those waters. Reports also have come to the government from the missionary interests of the threatened destruction of their property at Harpoot. and because of this Admiral Cotton, it is expected, will be allowed to praceed with one or more of his vessels to Beldia greategrategratel

Warships on the Way. in ordering the Brooklyn and San Franclaco to proceed to Beirut without waiting for the Machins meets with the hearty approval of the State Departmethods of the Turkish government as placed on exhibition at the Crystal palment. The condition of affairs and the already developed indicate to officials cure the redress demanded.

It is believed that the dispatch of American warships to the scene in such haste will convince the Sublime Porte that the United States means to make all its demands effective. The American squadron will be useful in protecting Americans who are located in the disturbed districts of Turkey and Macedonia, and further will furnish a refuge for those who are near the sea coast and may suffer from the disorders. Another urgent appeal has reached the

State Department from the American board of missions at Boston that immediate steps be taken for the protection of the American citizens at Belrut. The board's dispatches from there for several days have represented the situation s extremely grave.

There are at the Euphrates college at Harpoot fourteen American teachers, besides women and children, and property sion and leave the way open for an to the value of \$100,000. It is learned amicable and peaceful adjustment of the that there is an American college at Beirut in which are a number of American teachers. No word has reached the make public the text-of Minister Leish- State Department regarding any attack on them.

Minister Leishman, in his cablegram to the State Department, confirms the press dispatches regarding the news of the but that he had not been hit. The local dynamiting of a train-fifty miles outside Turkish officials were prompt to express of Constantinople, stating that many of

bricklayers get 55 cents an

ANTIOCH, ILLINOIS.

### ANTIOCH'S OPPORTUNITY.

The labor situation in Chicago makes it imperative that many of that cities industrial enterprises must leave there because | suers!" of the numerous strikes and annoyances that beset manufactuaers. Strikes among one class of workmen and then another have been on there for nearly a year and the situation has become alarming. So alarming in fact that the great concern of Rand, McNally & Co, employing between 400-and 700 people has decided to leave Chicago in order to avoid labor troubles, and are talking of locating at Waukegan.

Several of Chicagos big clothing and glove factories have also decided to move for similar reasons and the removal of other desirable factories from that city sug-

han good plan for Antioch to try and land time I yawned I jam. one or more of these concerns?

Nearly all our neighboring cities and villages are working along the line of securing concerns that will aid their place, and many of them are succeeding. Delevan has secured a knitting factory that will give employment to 80 people, Hebron has landed one of the Borden condensed milk plants, while a similar concern at Genoa Junction has added great life and thrift to that place. Marengo ala-

tris known what value they have proven at Algonquin. Woodstook is fairly booming in cousequence of the Oliver Typewriter factory.

We have called attention in these columns before, to the necessity of forming a "Business Mens Association" and trying to land some of the many concerns that are seeking sites. Organize now. Get together and make an effort to grand-nephew. get something for Anticch. We expect soon to have good fire protection which is an added inducement for manufacturers to locate here. By organizing and our business men working in harmony much good can be accomplished and even though we may not be able to secure a big factory, one of fair size will help. Let our business men and property owners, who naturally City Journal. are the most interested, take the initiative and the rest will be easy.

The inclusion of the cost of repairing the injury to the Massachussetts in the expense of the Oyster Bay naval review argues grave ignorance on the part of many editors The Massachusetts was injured going into Bar Harbor, not when starting from Oys-

Japanese expert cabinet makers have turned out a complete model of an American warship complete in that it is separable and that it faithfully portrays every detail of the interior, a task which American artisans have never been able to accomplish, and the charge for the model was but. \$110.

The report that the President was conducting an investigation of the relations between union and non-union labor in all the executive departments indicates his determination to treat all laborers with equal fairness.

As an appropriate place for grand international shooting matches, Turkey seems to have supplanted Sea Girt. There is a Russian fleet in the Black Sea and an English fleet in the Mediterranean and Turkey lies between them.

The Puget Sound salmon crop is reported to be a total failure. The poor man will have to live on apples, of which the United States has raised a little over half a barrel for every man woman and child

Secretary Wilson has scored the cotton speculators because of the cotton corner, but it may be that the Secretary has a grievance because Wall street has dealt so mercilessly with the lamb crop., \* \*-

Before leaving for Europe, Secretary Root announced that every important problem which would come up for settlement before the first of January, by the War Department, save emergencies problems had been disposed of.

In the course of an unusually dull political season, the only sound to break the stillness is the strident voice of Farmer Bryan, "eliminating" another of his party's possible candidates.

The effort to injure the Administeration by besmearching the reputation of Secretary Hitchcock promises to be a boomerang for the newspapers that attempted it.

2825 Keeley St., CHICAGO, ILL., Oct., 2, 1902.

I suffered with falling and con-gestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

SUFFERED FOR FIFTEEN YEARS.

Completely Restored to Health, Mrs. P. Brunzel, wife of P. Brunzel, stock dealer, residence 3111 Grand avenue, Everett, Wash., says: "For fifteen

years I suffered with terrible pain in my back. I experlmented with doctors and medicines, but got little if any relief. I actually believe the aching in my back and through the groin became worse. I did not know what it was to enjoy a night's rest and arose in the morning feeling tired and unrefreshed. My suf-

fering sometimes was simply indescribable. Finally I saw Doan's Kidney Pilis advertised and got a box. After a few doses I told my husband that I was feeling much better and that the pills were doing me good. When I finished that box I felt like a different woman. I didn't stop at that, though. I continued. the treatment until I had taken five boxes. There was no recurrence until a week ago, when I began to feel miserable again. I bought another box and three days' treatment restored meto health. Doan's Kidney Pllls act very effectively, very promptly, relieve the aching pains and all other annoying difficulties. I have recommended them to many people and will do so when opportunities present themselves." A FREE TRIAL of this great kid-

ney medicine which cured Mrs. Brunzel will be mailed to any part of the United States on application. . Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 ceuts per box.

WARM WEATHER HELPS CROPS.

Corn Grows Fast Everywhere, but Rain Is Now Needed in Pinces. The weather bureau's weekly sum-

mary of crop conditions is as follows:

While complaints of cool nights during the early part of the week are reported from the States of the central Mis-sissippl and Ohlo valleys, temperature conditions throughout the country as a whole bays, been very favorable, the up-per Missouri and upper Mississippl valleys, lake region and Rocky Mountain districts, the greater part of which has suffered from abnormally low temperature for several weeks, receiving more than normal heat.

Portions of the south Atlantic States experienced heavy rains, while the Ohio valley, the greater part of Texas and the Rocky Mountain and Pacific coast districts are suffering from drouth. On the whole the corn crop has made favorable progress, especially over the

gentral and western portions of the corn belt, the most decided advance being reported from Nebranka and Kansas. In the upper Ohio valley corn is suffering seriously for rain, which is also needed in portions of Illinois and Missouri and much of the crop in Iowa will suffer unless rain falls soon. The reports indicate that early corn will be safe from frost by Sept. 15 to Oct. 1 and late corn from Oct. 1 to 15.

Considerable spring wheat remains to be cut in North Dakota, but harvesting is practically finished elsowhere in the spring wheat region, and thrashing is in progress. In southern Minnesota much grain in shock is damp. In South Dakota, Nebraska and Kansas the weather has been highly favorable for stacking and thrashing. Harvesting is nearly finished in Oregon and advancing rapidly in Washington the grain being of superior quality.

Cotton has suffered materially from heavy rains and lack of sunshine over a large part of the central and eastern districts of the cotton region. The plant, however, is generally well fruited throughout the belt. A little picking has been done throughout the southern portions of the belt, but this work is not yet general.

The condition of tobacco in Tennescee is exceptionally favorable and a fair crop is promised in Kentucky. A fair to good crop is being cut in Maryland and Vir-

Reports indicate a general decline in the condition of apples, except in the southern portion of middle Atlantic States, where the outlook continues fayorable.

TAFT TO SUCCEED ROOT.

Present Governor of the Philippines Accepts Portfolio of War.

The resignation of Secretary of War Elihu Root will go into effect about Jan. 1, and Judge William II. Taft, the present Governor of the Philippines will

retary of War. Gen. Luke E. Wright, the present vice-governor of the Island, will be made governor. The statement that these changes will be made is officially authorized. Regarding the ap-

GEN. L. E. WRIGHT. pointment of Gen. Wright of Momphis, President Roosevelt authorized the announcement that the post had been offered to Gen. Wright, and that he had accepted it. Gen. Wright is a lifelong Democrat. Both the President and Secretary Root regard Gen. Wright as a man of proved executive ability, his services as a member of the Philippine commission having been of a distinguished character.

Gov. William Howard Taft, who will succeed Elihu Root as Secretary of War on Jan. 1 next, has already had a brilliant career; and though only 40 years of ago has held the highest appointive of-fices. He was born in Cincinnati in 1857, was educated at Yale, studied law in his home city and held a number of minor legal appointments until 1890, when he was made Solicitor General of the United States by President Harrison. Two years inter he was appointed United States circuit judge. In 1900 President McKinley appointed him a member of the Philippine commission, and a year later he was made civil governor, a position he still holds.

Secretary Root, under date of Aug. 19, presented his resignation formally to the President, and it was accepted by the President with the understanding that Mr. Root would continue as Secretary of War at least until Jan. 1.

DOOM ALL BULGARIANS.

Turks Plan to Accomplish Their Total Extirpation.

According to a Sofia telegram the Turkish repressive measures in Macedonia have reached the utmost limits of barbarism and it is evident that it is the intention to accomplish by degrees the total extirpation of the Bulgarian

population.
Within the last few days, says a corlages have been handed over to fire and sword and the women, children and the aged have been massacred indiscriminately. Convoys of prisoners dispatched to Monnstir have been murdered by their escorts on the way.

A private letter from a foreign resident in Monastir says even the local Turks are disgusted and meditate assassinating the consuls in order to awaken European Intervention.

The insurgents are doubtless taking a terrible revenge and are executing the revolutionary program to the letter. The reported concentration of large Turkish forces in the Adrianople district at Mustafa-Pasha, Kizylagach and other points on the Bulgarian frontier is regarded with much apprehension in Sofia, as it is well known that in case of war an invasion would occur from this direction. According to reports from Constantinoble a rumor was current that war had already been declared against Bulgaria. It was proved to be unfounded, but the state of popular feeling is said to be such that no other leave is regarded as possi-

It is further stated that although the Bussian squadron was withdrawn from Ingle it definues to cruise near the

Tricked the Conductor. On Sixth avenue a man accompanied

by a woman signaled an uptown car, and the conductor saw them but gave no heed. The car was going slowly enough, so the man was able to make a run and a jump, land on the running board and pull the bell rope.

But he did not stop at that. After he pulled the rope he held it tight, taking up all the slack, so that the surprised conductor had no purchase with which he could sound two bells. So the man's companion had a chance to board the car, and, having done so, he released his hold on the rope.

The conductor, beyond murmuring, "Who's running this car, anyway?" let the incident pass without further comment.-New York Mail and Ex-

The J. P.'s Agree.

Staunton, Ark., Aug. 81.—News comes from Duff, Searcy Co., this State, that Mr. T. E. Reeves, a Justice of the Peace at that place, has written a letter recommending Dodd's Kidney Pills in which he says:

"I think Dodd's Kidney Pills can't be beat for Kidney Trouble, and I wish them every success."

The local J. P., Mr. E. B. Cox, agrees

with his brother Justice on this point, for he says: "I had a bad case of Kidney Trouble and was not able to do a day's work without great distress. I bought six boxes of Dodd's Kidney Pills and after I had used three boxes I was all right. I am as well as ever, and I cannot praise Dodd's Kidney Pills too highly.

"I have given the other three boxes to some friends of mine who had found out what it was that had cured me so satisfactorily and quickly, and they all speak highly of Dodd's Kidney Pills." No one disputes this unanimous ver-

Cold Comfort. "The weeds," remarked the man who was born tired, "are about to take my garden."

The Kind You Have Always Bought

Bears the Bignature of Chat H. Thithers

Health and beauty are the glories of perfect womanhood. Women who suffer constantly with weakness peculiar to their sex cannot retain their beauty. Preservation of pretty features and rounded form is

a duty women owe to themselves.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melan-choly, "all gone" and "want-to-be-left-alone" feelings, blues, and hope-lessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound removes such troubles.

Case of this Prominent Chicago Woman Should Give Everyous Confidence in Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINEHAM: — It affords me great pleasure, indeed, to add my testimonial to the great number who are today praising Lydin E. Pink-ham's Vegetable Compound. Three years ago I broke down from ex-cessive physical and mental strain. I was unable to

secure proper rest, also lost my appetite, and I became so nervous and irritable too that my friends trembled, and I was unable to attend to my work. Our physician prescribed for me, but as I did not seem to improve, I was advised to go away. I could neither spare the time nor money, and was very much worried when, fortunately, one of my club friends called. She told me how she had been cured of ovarian troubles, and how like my symptoms were to hers, seven bottles of your medicine cured her, and she insisted that I take some.

"I did so, and am glad that I followed her

advice. Within six weeks I was a different woman, strong and robust in health, and have been so ever since. "A number of my friends who have been

troubled with allments peculiar to our sex have taken your compound, and have also been greatly benefited." — Miss ELIZARETH DALEY. \$70 Loomis St., Chicago, Ill. President of the St. Ruth's Court, Order of For-

resters, Catholic. What is left for the women of America, after reading such letters as we publish, but to believe. Don't some of you who are sick and miserable feel how wicked you are to remain so, making life a burden for yourself and your friends, when a cure is easily and inexpensively obtained? Don't you think it would pay to drop some of your old prejudices and "Try Lydia E. Pinkham's Vegetable Compound, which is better than all the doctors for cures?" Surely the experience of hundreds of thousands of women, whom the Compound has cured,

should convince all women. Follow the record of this medicine, and remember that these cures of thousands of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound, the great Woman's Remedy for .Woman's Ills.

Those women who refuse to accept anything else are rewarded hundred thousand times, for they get what they want—a cure. Moral—stick to the medicine that you know is the Best. Write to Mrs. Pinkham for advice.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genulnaness.

Father," she cried, passionately, "those places where they live-it makes me shudder to think of them-we wouldn't put our dogs in them. Promise me that you will give them what they ask!" "Let us have no more of this nonsense," said her father firmly. "Go to your room and look after your wedding fineries. That's of much more consequence to you and me." And placing his hand on her shoulder he pushed her gently toward the door. She turned toward him and looked sorrowfully in his face. "Father," she said, quietly, "the wedding fineries may stay just where they are. I will not marry until this strike is settled -until you give those men what they have asked for. I could never be happy, remembering what I have seen to-day. Those discouraged, half-fed men; those pale-faced women who could hardly nourish the wailing bables at their breasts; little children with bare feet and half-naked bodies;

of brightness or gleam of sunshine. You said my dowry should be three million dollars. Take that money,

"You would never dare-" exclaimed the horrified father. She smiled. "You ought to know your own daughter, father. I have named the conditions. Unless these are complied with, Peter may look elsewhere for a wife."

And gazing into her clear, unflinching eyes, John Barton knew she would keep her word. Reluctantly he gave the required promise, and grudgits fulfillment.

The newspapers stated that the strike had been settled by arbitration, but the reporters failed to learn that millions were chiefly in railroads and the "right to arbitrate" had been exercised autocratically by one who knew her power, and used it for justice and humanity.

Peter Van Rentsell never knew how near he came to losing the girl he loved. But in some way the miners learned the truth, and in hundreds of homes, childish voices, in many languages, go up in prayer for a blessing on Marion Barton.

EAGLE AND STAG FIGHT.

letory Finally Rested with Monarch of the Air.

Some years ago Sir Charles Mordaunt witnessed in Scotland a strange battle between an eagle and a star, which completely dispels any theory that the ornithologist may put forward as to eagles not attacking animals. particular buck which it succeeded in driving from the rest. It struck the eagle attacked a fawn which was one of a herd in the highlands. The cries of the little one were answered by its dam, which sprang upon the eagle and struck it repeatedly with its forefeet. Fawn, deer and eagle rolled headlong down a declivity and the bird was disloged from its hold and the fawn rescued. But Sir Kenneth Mackenzie knows a more thrilling story than either of these, for, according to report, an eagle was rent in two during a battle in his forest of Gairloch. Fixing its talons in the quarters of a roe, the bird was dashed against a tree, to a branch of which it endeavored to hold to stay the flight of its captive. The bird was halved in an instant.

Made Money From the Flood. What is one man's meat is another man's poison, and vice versa, in matters besides diet. A large majority of those affected by the recent floods were losers, but some were gainers. The farmers in the Burlington bottom, near Hartsburg, for example, find that what they thought was a disaster to "I think not," coolly; "and I have them was really a blessing. The floods to give them the increase they ask from six inches to six feet of rich soil for." on their land. They replanted their "I never will!" shouted the thoroughly enraged man: "What right had sided, and their corp came up so quick-Each machine can deal with 8,000 Canadian government has just built lemons a day. One woman and one along the frontier between St. Mary's you to go there?", boy manage a machine, and their pay Lake and Sweet Plans Hills' cost nearly \$15,000. It is for the purpose of preventing cattle from straying.

Oughly enraged man. What right along the respective heirship, they have a better tand than farmers, on the higher lands surrounding, of preventing cattle from straying.

American woman to inquire into con-
